Porto Tech Center, is part of Africa Internet Group.

Africa Internet Group ("AIG") is a clear **ongoing success story** and is already the leading Internet Group in Africa and giving giant steps in Southeast Asia and Eastern Europe. Founded in 2012, it is currently operating in **26 countries**.

Since inception, AIG has created 71 companies in 8 different verticals: online retail, food ordering platform, online marketplace, real estate marketplace, vehicle marketplace, taxi hailing, online travel agency and P2P lending marketplace.

AIG is supported by three global experts in e-commerce and African markets – Rocket Internet, MTN and Millicom.

Porto Tech Center is a development center that provides support to our ventures all around the world. Its growth was massive. Founded in 2012 with a small team of 6 developers, today we are proudly more than 160 with different backgrounds.

We are currently seeking to double our team with the brightest and ambitious young minds.

In Porto Tech Center, we develop and manage all software for our e-commerce companies and a bit more. Some of PTC's hot projects:

We are passionate about what we do, and we have fun while doing it. We want to create a well-balanced team of talented, truly dynamic and highly motivated individuals with a passion for emerging markets and ecommerce. We are currently looking for a strongly motivated candidates, who will support AIG Tech Center operations, both in Portugal and internationally.

Keep in mind, we don't simply work, we are building and connecting continents through e-commerce while we have fun!
